

ONBOARD GILLNET CLEANING MACHINE

VIRHYDRO®
The fishing machine

SAVE YOUR NETS !

The gillnet cleaning machine is an onboard cleaning tunnel with a passage of Ø10cm which works with the **onboard high pressure cleaning pump (ref.850)**.

Meshed and trammel nets, boltropes, ropes are manually hauled, or automatically if you use **the nets transporter (ref.580)**, into the cleaning machine which eliminates the sand and alga and help the nets regain its original performances.

Built in composite materials, it is light (only 16kg) and fits on a tube of Ø60mm.

REF	Flow (l/min)	Pressure (bars)	Weight (in kg)
860	21	130	16
